

## **American Chemical Society- Puget Sound Section** **19th Annual Careers in Chemistry for Undergraduates**

**The two informative sessions are recommended for all STEM undergraduates (not just chemistry students)**

- **Event 1: Wednesday, Feb 22, 2023, 5-6 pm (PST) – Professor Robbyn Anand (Department of Chemistry, Iowa State University). “Applying and Getting Accepted to Graduate School in Chemistry” followed by a panel of graduate students representing Ph.D. and Master’s Degree Programs to answer your questions**
- **Event 2: Wednesday, March 1, 2023, 5-6 pm (PST) – A diverse panel with representatives from local area industry, government and academia will discuss their careers in Chemistry (STEM).**

**Please register (free) for either or both events to reserve your spot at <https://forms.gle/nLpNdrNfJaxivxxU8>**

**You will receive a link to the Zoom Meeting upon registration. A reminder will also be sent closer to each event.**

**Registration will remain open until the events end. To be entered into raffles to win ACS memberships (students only), please register at least 2 days before each event**
